Table List

Sr.	Table Name	Description	Page No.
1	Login_TBL	To manage user login information	1
2	Login_details_TBL	To manage Login detail	2
3	Service_provider_TBL	To manage information of service provider	2
4	Offers_TBL	To manage offers details	3
5	Order_TBL	To manage order details	3
6	Rate_card_TBL	To manage services rate details	4
7	Review_TBL	To manage reviews of service provider	4
8	Services_TBL	To manage store main line Services	4
9	Sub_service_TBL	To manage information of sub type of main service	5
10	appointment_TBL	To manage details of appointment	5
11	Feedback_TBL	To manage feedback of user	5

1) Table: Login_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Login_id	Int		Yes	Primary Key	Store login id	3136
password	Varchar	25	Yes		Login password	Deepak
Security_q1	Varchar	30	Yes		Security Question1	What is your first bike?
Security_q2	Varchar	30	Yes		Security Question2	What is your first bike?
Ans1	Varchar	20	Yes		Security Question answer	pizza
Ans2	Varchar	20	Yes		Security Question answer	Reading

2) Table: Login_details_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Login_id	int		Yes	Foreign Key	Login id (foreign key from table login_id)	3136
Fname	Varchar	30	Yes		First name	patel
Mname	Varchar	30	Yes		Middle name	viral
Lname	Varchar	30	Yes		Last name	Kishan bhai
gen	Varchar	8	Yes		Gender of user	M/F
Pic	text				Store data of image in string format	1181#@#@$$
Address_line1	Varchar	50	Yes		Address , flat/ bungalow no, society name	21/b shiv flats
Address_line2	Varchar	50	Yes		Address of near place, opp	Opp jay flats
Area_name	varchar	20			Your landmark name	Maninagar cross road
City_name	Varchar	20	Yes		City name	Surat
State_name	Varchar	20	Yes		State name	Gujarat
Pincode	Varchar	6	Yes		Pin code number	380050
Mail	Varchar	50	Yes		User mail id	….@gmail.com
Contact_no	Varchar	10	Yes		User contact number	987….56
Account_state	Varchar	10	Yes		Aknwoladge whether a/c is active or deactive	Active/deactive
User_type	Varchar	20	Yes		Store user type	Admin/ employee

3) Table: Service_provider_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
User_id (login id)	int		Yes	Foreign Key	User id (foreign key from login table)	3136
Service_id	Int		Yes	Foreign key	Service id provide by user (foreign key from services table)	111003
Service_area	varchar	50	Yes		Service area	Computer software
Service_time_start	varchar	12			Service time	07:00:00 AM
Service_time_end	varchar	12			Service time	06:00:30 PM
Experience	varchar	50	Yes		User experience of particular area	2 years as sells manager
Degree	varchar	50			Degree to an particular area	MSC.IT
Speciality	varchar	50			Special service interest	Software development

4) Table: Offers_TBLs

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Offer_id	int		Yes	Primary Key	Offer id	2114
Image	Varchar	20	Yes		Image id in image table	12345
Title	varchar	50	Yes		Title of offer	50% off
Description	Varchar	120	Yes		Description of offer	Abc…..xyz
Owner_id (login_id)	Int		Yes	Foreign Key	User id who give you offer (foreign key from login table)	2136
Service_type	Int		Yes	Foreign key	Service id from service table (foreign key from services table)	2121
Discounts	Int				Discount rate	15
Start_time	varchar	20	Yes		Valid time for offer	12/11/2015 08:12:00 AM
End_time	varchar	20			Valid time for offer	12/15/2015 11:00:00 PM
Max_customer	Int				Maximu offer limit	

5) Table: Order_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Order_id	Int		Yes	Primary Key	Order id	12345
Client-id (login_id)	Int		Yes	Foreign key	User id who place order (foreign key from login table)	3209
Provider_id (login_id)	Int		Yes	Foreign key	User id who provide service (foreign key from login table)	3209
Order_date	Varchar	12	Yes		Date of placing order	11/27/2015
Order_time	Varchar	12	Yes		Time when place order	2:24:19 PM
Amount	Int		Yes		Gross amount for dervice	17500
Discounts	Int				Amount for discount	2500
Net_rate	Int		Yes		Final amount to pay for service	16000
Status	Varchar	20	Yes		Status for service	Panding/ under work
Offer_id	Int				Offer_id if available	111021

6) Table: Rate_card_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Service_id	int		Yes	Foreign key	Service id	6111
Rate	Int		Yes		Amount payable for service	1500 rs
Service_provider_id(login_id)	Int		Yes	Foreign key	User who provide service to customers (foreign key from login table)	2112

7) Table: Review_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Review_id	int		yes	primary key	Unique review number	1612
Login_id	int		yes	Foreign key	Login id of service provider (foreign key from login table)	6111
Reviewer_id (login_id)	Int		yes	Foreign Key	Login id who gives review (foreign key from login table)	01/04/2014
Review	Varchar	80	yes		Review	Nice!
Rate	Int		Yes		Rating to user	3.5
Date	Varchar	12	Yes		Review date	12/15/2015
Time	Varchar	12	Yes		Review time	07:12:15

8) Table: Services_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Service_id	int		Yes	Primary Key	Service id	111022
Name	Varchar	50	Yes		Sevice name	Plumbers
Details	Varchar	100	Yes		Service details	Ethical haker

9) Table: Sub_service_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Sub_Service_id	Int		Yes	Primary Key	Service id number for main service category	245
Service_id	int		Yes	Foreign Key	Primary service id	157
Description	Varchar	100	Yes		Descrition for sevice	Abc….xyz
Category	Varchar	20	Yes		Service category	

10) Table: Appointment_TBL

Column Name	Type	Size	Null	Constraint	Description	Example
Appointment_no	int		Yes	Primary key	Unique appointment number	12121
User_id (login_id)	int		Yes	Foreign key	User id who providing service	2036
Client_id (login_id)	int		Yes	Foreign key	User id who is take service	2065
Service	Varchar	20			Appointment for service	Plumber service
Time	Varchar	12	Yes		Time when place appointment	07:12:25 AM
Date	Varchar	12	Yes		date when place appointment	12/25/2015
address	Varchar	80			Appointment address	Geet hotel
State	Varchar	20	Yes		Appointment done or not	Pending / done

11) Table: feedback_TBL

Field Name / Column Name	Data Type	Size	Not Null	Constraint	Description	Example
Index	int		Yes	Primary Key	Feedback id	1212
Login_id	Int		Yes	Foreign key	Login id of user who give feedback (foreign key from login table)	23132
Feedback	Varchar	80	Yes		Feedback	Exelent!
Date	Varchar	12	Yes		Date when user give feedback	12/15/2015
Time	Varchar	12	Yes		Time when user give feedback	12:15:17
